Our School
Clear Creek Elementary is located just outside the Trigger Avenue Gate to the Naval Submarine Base, Bangor.

The school was built in 1978. Clear Creek has 24 classrooms for preschool through fifth grade, including six portable classrooms. Additionally, we have four district special education classrooms, a gym (multipurpose room) and a learning resource center. Our building is used from 8:00 a.m. to 4:30 p.m. for instructional purposes.

Success for All Students
During the 2017-18 school year, Clear Creek staff set goals for reading, writing, math and science. Each grade level team met six to eight times per year during Common Planning Time to evaluate student assessment data and to set goals based upon that data. This Common Planning Time included planning and aligning curriculum as well as creating assessment tools. Our staff also actively engages in staff development opportunities at the building and district level.

Parent involvement is a strong component of an effective school environment. We are interested in strengthening this partnership. Last year, we had an excellent turnout for Open House, Conferences and our PTA Family Nights.

State Testing Results
Each year, we look at our student performance data on multiple measures, and design our School Improvement Plan to target identified areas of need. You may view our school’s plan at ClearCreek.CKschools.org > Info > About > School Performance
