Unmanned Aircraft System and Model Aircraft

The unapproved use or possession of an unmanned aircraft system (UAS) (commonly referred to as “drone”) or model aircraft on district property or at a district–sponsored event is prohibited. This means, individuals and entities shall not, at any time, without prior district approval, use or possess a UAS or model aircraft on, in, above, or upon any district property or premises, including those owned, leased, maintained, or used by the district.

The district reserves the right to remove or refuse entry or admission to any individual or entity who violates this policy. The district further reserves the right to exclude any individual or entity who violates this policy from future entry upon district property or entry to district-sponsored events. Students and employees violating this policy may be subject to disciplinary action or discharge. Any violator may also be reported to authorities, including local law enforcement and the Federal Aviation Administration (FAA).
