Dear Parent/Guardian,

**Memorial Middle School**, students participating in the Title I, Part A program, and their families, agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement as well as describes how the school and parents will build and develop a partnership that will help children achieve the State’s high standards.

**JOINTLY DEVELOPED**

The parents, students, and staff of Memorial Middle School partnered together to develop this School-Parent Compact for achievement. Teachers suggested Virtual home learning strategies, parents added input about the types of support they needed with Virtual learning, and students told us what would help them learn virtually and or in-person. Parents are encouraged to attend annual revision meetings held in the Spring each year to review the Compact and make suggestions based on student needs and school improvement goals. Parents are also encouraged to participate in the Annual Title I Parent Survey that is also used as a tool to collect parent feedback regarding the current Title I programs and policies. Parents are asked to attend workshops and respond to surveys after meetings and online opportunities on our school’s website.

To understand how working together can benefit your child, it is first important to understand the district’s and school’s goals for student academic achievement.

**Rockdale County Public Schools GOALS:**

*Using the FY21 results as our baseline measure, the district shall increase its CCRPI score each year by 3% of the gap between the baseline and 100.*

**Memorial Middle School GOALS:**

To help your child meet the district and school goals, the school, you, and your child will work together to:

**Goal #1** - To increase the overall percentage of students scoring in the Developing, Proficient, and Distinguished categories on the STAR Reading assessment by 5%.

**Goal #2** - To increase the overall percentage of students scoring in the Developing, Proficient, and Distinguished categories on the STAR Math assessment by 5%.
